Re: Yucca Mountain Draft EIS

We want to register our opinion that it is a foolish idea to transport nuclear waste on highways and railroads that go through major metropolitan areas such as St. Louis. We hope that you will agree that this is not a wise decision. The risks involved are unacceptable. We trust that you will not proceed with this transportation program, and thereby ensure the safety of the residents of this country.

Sincerely,

Edward K. Warner and Mary M. Warner
